Anti-LBJ

He says (4th col, Newsweek, Post 1/ 23/67) not that the bo k is not anti-LBJ but that "The bo k is not pathologically anti-LBJ". He then says "I am distressed that there have been s so many anti-Johnson stroies attributed to the book. They are not true and they are not in the bo k at all. But I couldn't ~~h~~avoid reporting what he actually did".

Examples, fro~~m~~ his public statements; tong; the Connaly under the window story, whole handling of the trip back, swearing in, where he lied to make an anti-LBJ scene on plane. The whole handling of the former JFK aides aides' attitudes, to make it seem they considered LBJ the assassin.
